International Joint Symposium on Developmental Regulation of Gene Expression

November 8-10 2014, Shanghai Jiao Tong University, Shanghai

*Preliminary Agenda (subject to change)

AGENDA - Day 1

Saturday Nov 8 th 2014					
The Liu Garden, Academic Activity Center, Shanghai Jiao Tong University					
6:00 pm		Registration			
6:00 pm, Welcome dinner, TBD					

AGENDA - Day 2

Shuhua Muti-functional Room, School of Life Sciences and Biotechnology, Shanghai Jiao Tong University 8:30 am Registration desk opened	Sunder Nev Oth 2014						
School University8:30 amRegistration desk openedIsio Tong University9:00 amOpening remarks Session No. 1 Session Chair: Dr. Xiaojing MaDr. Xiaojing Ma9:10-9:50 amOral Presentation #1 The physiological and pathological roles of Ataxin-2: a key player in neurodegenerationYukio Kawahara, MD, PhD9:10-9:50 amOral Presentation #1 The physiological and pathological roles of Ataxin-2: a key player in neurodegenerationGraduate School of Medicine Osaka University9:50-10:30 amOral Presentation #2 Gene expression control in vertebrate retina developmentTakahisa Furukawa, MD, PhD9:50-11:30 amOral Presentation #2 Gene expression Control in vertebrate retina developmentTakahisa Furukawa, MD, PhD10:50-11:30 amOral Presentation #3 autoimmunity and tumor immunity autoimmunity and tumor immunityDr. Xiaojing Ma Sheng Yushou Center of Cell Biology and Immunology Shanghai Jiao Tong University11:30 am-11:45Oral Presentation #4 Progranulin in the control of systemic inflammationStudent speaker from Shanghai Jiao Tong University: Wenjun Yan11:45-12:00 amOral Presentation #5 No. 3 Session No. 3Mr. Akimitsu Miyawaki Student speaker, Graduate School of Pharmaceutical Sciences, Osaka University11:45-12:00 amOral Presentation #5 No. 3Mr. Akimitsu Miyawaki Student speaker, Graduate School of Pharmaceutical Sciences, Osaka University11:45-12:00 amOral Presentation #5 No. 3Mr. Akimitsu Miyawaki Student speaker, Graduate School of Pharmaceutical Sciences, Osaka University <th colspan="6">Sunday Nov 9th 2014</th>	Sunday Nov 9 th 2014

Session No. 3 Session Chair: Dr. Yasushi Okamura 1:30-2:10 pm Oral Presentation #6 Akira Kikuchi, MD, PhD			Osaka University				
Session Chair: Dr. Yasushi Okamura 1:30-2:10 pm Oral Presentation #6 Akira Kikuchi, MD, PhD		12:00 - 1:30 pm – Lunch					
1:30-2:10 pmOral Presentation #6Akira Kikuchi, MD, PhD	Session No. 3						
	Session Chair: Dr. Yasushi Okamura						
Tubulogenesis regulated by growth Professor,	1:30-2:10 pm	Oral Presentation #6	Akira Kikuchi, MD, PhD				
		Tubulogenesis regulated by growth	Professor,				

	factor signaling and its implication for	Graduate School of Medicine,			
	tumorigenesis	Osaka University			
2:10-2:50 pm	Oral Presentation #7	Dr. Tao Sun,			
	MicroRNA Function in the Control of	Shanghai Jiao Tong University			
	Brain Size and Mood Disorders				
2:50-3: 05 pm	Oral Presentation #8	Mr. Noriaki Yamada			
	Pathophysiology of Cardiac Arrhythmia	Student speaker,			
	Caused by Potassium Channel Gene	Graduate School of Medicine,			
	Mutations	Osaka University			
3:05 pm Group photo					
Coffee Break - Poster Viewing & Exhibits					
	Session No. 4				
Session Chair: Dr. Tao Sun					
4:00-4:40 pm	Oral Presentation #9	Junji Takeda, MD, PhD			
	Comprehensive genomic analyses in	Professor,			
	diploid and haploid ES cells	Graduate School of Medicine			
		Osaka University			
4:40-5:20 pm	Oral Presentation #10	Dr. Zhiping Xie			
	Autophagy under nitrogen starvation.	Shanghai Jiao Tong University			
5:30 pm Reception for all participants					

	AGENDA - Day	/ 3				
Monday, Nov 10 th , 2014						
	Shuhua Muti-functional Room,					
School	of Life Sciences and Biotechnology, Shangha	ai Jiao Tong University				
8:30 am	Help desk opened					
9:00 am Symposium Begins						
Session No. 5						
Session Chair: Dr. Qiang Wu						
9:00-9:50 am	Invited Keynote lecture	Dr. Adrian Krainer				
	Targeted Modulation of Alternative	Cold Spring Harbor Laboratory				
	Splicing as a Therapeutic Strategy					
9:50-10:30 am	Oral Presentation #11	Kiyoshi Takeda, MD, PhD				
	Introduction of the Interdisciplinary	Professor,				
	Program for Biomedical Sciences (IPBS):	Graduate School of Medicine				
	2015 Admission to the Ph.D. program	Osaka University				
10:30-11:10 am	Oral Presentation #12	Dr. Qiang Wu				
	Mechanisms of Gene Cluster Regulation	Shanghai Jiao Tong University				
11:10 am	Closing remarks	Dr. Jianjiang Zhong				
		Shanghai Jiao Tong University
